Miscellaneous D - F 1919-20 (052)

2 Quinpool Road, Halifax, N.S.
Feb. 20, 1920.

Sir Robert Falconer,
Pres. Toronto Univ.,
Toronto, Ont.

Dear Sir Robert;-

Will you be so kind as to let me know at your earliest convenience if there is any probability of a vacancy in the teaching staff of the University the coming academic year in the subject of Classics,-preferably Classical Archaeology.

I wrote recently to Mr. Currelly, the Director of the Royal Ontario Museum of Archaeology with regard to the possibility of securing a position on the Museum staff. He does not give me much encouragement owing to the present state of affairs, but suggests that I attempt to secure a lectureship or instructorship in Archaeology in the University, so that In this way I should be able to devote part of my time to research in Archaeology in the Museum. The amount of salary, I may say, would not be a very serious consideration, as I have a small private income.

Any assistance you may be able to render me in the matter will be very highly appreciated by me. You may recall having had some little acquaintance with me in Halifax some twelve or fourteen years ago, at a time when you were Principal of the Presbyterian College, and I was an undergraduate of Dalhousie residing at Pine Hill. My father was the late Rev. J. M. Fraser of Scotsburn, more recently of Pictou.

Trusting that you have entirely recovered from your recent illness, I am, Sir,

Yours faithfully,

A. D. Fraser

Mr. A. B. Fraser,
2 Quinpool Road,
Halifax, N.S.

Dear Mr. Fraser:

On my return to my office I find your letter awaiting me. I am sorry that I am not able to hold out for you any prospect of there being an opening in Archaeology for which you could apply. At present our positions in Classics are all filled and I do not see there is any likelihood of our being able to create a special position in Archaeology in the near future.

With kind regards, I am,

Yours sincerely,

President.

My dear Dr. Fraser:

Many thanks for your letter reminding me of the 1870 dinner on June 4th. I had the date marked in my book and I am looking forward with pleasure to seeing you.

I am sorry to know that the time is running by so rapidly that you have decided to retire from active work. I should not have thought that this was quite due yet.

With kind regards, I am,

Yours sincerely,

President.

Dear Dr. Fraser:

At present I do not know of any opening in any University such as would be suitable for you, especially in view of the fine offers that are open to you at present. I will, however, hand your letter to our Professors of Biology and Pathology as it is possible that they may know of something. I will write to you later with regard to it.

Yours sincerely,

President.

Dear Mr. Fraser:

The President has received a request from the Carnegie Foundation for certain information regarding the residence and citizenship of each person to whom a retiring allowance or pension is paid by the Foundation.

Will you be good enough to let the President have the following facts as to your mother:

1. Citizen of what country ?
2. Residence November 11, 1919.
3. If residing in New York at any time between January 1, 1919, and March 17, 1920, place (address) and dates of such residence.

Yours sincerely,

Dear Sir

I venture to remind you that, in 1914, you expressed a wish to contribute to a Fund that was being raised to do honour to Sir James Frazer and to further anthropological studies.

The matter remained in suspense during the War, and the Committee desire now to close the Fund. The enclosed circular, which has been sent to subscribers, explains the present position.

If you should still wish to take part, may I ask you to send me your subscription as soon as you conveniently can?

Honoured Sir:

Early in the coming June, there will be held in Toronto the International Convention of the Big Sister Associations and Big Brother Movements of Canada and United States. This is the first time that this body has held its Annual Convention in Canada and the local Committee in Charge naturally are desirous of making it an unqualified success and of demonstrating to the various International representatives that Canada, and Toronto in particular is not behind in efforts for improving the conditions of her underprivileged boys and girls.

We are taking the liberty of adding you and Lady Falconer to our list of patrons and patronesses of the Convention Organization. We trust that this will meet with your approval, and thank you for lending your name and office in this connection.

Sincerely yours,

General Secretary.

Dear Mr. Frost:

As far as I am aware the question of having a permanent appointment made to the position of artist to the medical and research department has not been definitely brought to my attention, and I am not in a position to say whether or not we could find the funds for such a post. I will take up this matter with those who are most interested in research before long.

Yours sincerely,

President.

Dear Mr. Davison:

I greatly appreciate the honor that you have done me in asking me to be the guest and speaker at the Annual Banquet of the Canadian Club in Boston on the evening of November 26th. It would be to me a great pleasure to be able to accept and to be with you especially as there is such a very large Canadian element in Boston. I regret, however, that this year it is impossible for me to go, as I have to be in New York on the 27th, and I have so many other engagements that I simply cannot add to them at present. If, however, you would think that I might be of service to you in this respect some time in the future I would only be too glad to do my best.

To Sir Robert Falconer,

Dear Sir Robert,

Yesterday, when you were telling about that amusing incident of Prof. Simpson of Edinburgh pulling off his light Dress Coat & turning it so cleverly to the purpose of the moment, I wonder if you noticed what Canon (that was his rank at the time, was it?) Farrar did or rather did not do. My brother, a Medical Student at the time, kept his eye upon him, & he avers that he never moved a muscle. Whilst we were convulsed with laughter, his perfect gentlemanliness kept him from doing that which in the least would disconcert another. Frequently I have been impressed with the courtesy of the highest order, manifested by the dignataries of the Anglican Communion. As for my part I was overcome with the perfection of the linen of the Chairman: a token indeed of the man, as pure within as he appeared to be without.

You had a splendid turn-out yesterday: audiences are relative, & a stranger does not know. Needless to say, we thought your message worthy of your high position. Thanks very much.

Respectfully & Sincerely,

Robt Dewar

I do not remember to have met the Judge but doubtless he has many friends in the University as he is one of our graduates. I will lay your letter before the Committee on Honorary Degrees at its next meeting, but there are already quite a number of names that are likely to be presented, some of them held over from previous years, and a name will need to be pretty strongly supported to carry the majority of votes in the committee of twenty-five members.

Many thanks for your poem which only one who was a born American and had lived in the United States could have written. I congratulate you on its spirit as well as its poetic power. After all a large element in the strength of a poem is the force and the conviction. I hope, however, that the United States will before long rise to a sense of its duty to the world at large. There are too many good people in it not to make this come about. I am glad to hear from you and I hope that you are keeping well.

APPROVED BY THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA UNDER ORDER 152
DATED MARCH 30, 1916.

It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of any unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case the Company shall be liable for damages, suffered by the sender to an extent not exceeding $200., due to the negligence of the Company in the transmission or delivery of the telegram.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers he acts for that purpose as the sender's agent; if by telephone the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

DAY LETTERS.

This Company will receive DAY LETTERS, to be transmitted at rates lower than its standard telegram rates, as follows: one and one-half times the ten-word Day message rate shall be charged for the transmission of fifty (50) words or less, and one-fifth of the initial rate for such fifty words shall be charged for each additional ten (10) words or less.

DAY LETTERS may be forwarded by the Telegraph Company as a deferred service and the transmission and delivery of such DAY LETTERS are, in all respects, subordinate to the priority of transmission and delivery of full-rate messages.

DAY LETTERS shall be written in plain English, or in French. Code language is not permitted.

DAY LETTERS may be delivered by the Telegraph Company by telephoning the same to the addresses, and such deliveries shall be a complete discharge of the obligation of the Telegraph Company to deliver.

DAY LETTERS are received subject to the express understanding and agreement that the Company does not undertake that a DAY LETTER shall be delivered on the day of its date absolutely and at all events; but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such DAY LETTER on the day of its date during regular office hours, subject to the priority of the transmission of full-rate messages under the conditions named above.

Dear Sir:

Sir Robert Falconer is at present in Kingston and will not return until Saturday. He received your former telegram, but has been waiting word from the graduates of the University, whom he wishes to meet, while he is in Fort William, and before definitely settling anything for the Fort William Teachers Association he hoped to have an answer from the graduates. He arrives on Thursday morning, the 23rd October, and will take the night train for Toronto. As you know he speaks at noon in the Canadian Club, and if he can arrange time both for the Teachers Association and the Alumni I know he will do so. I shall wire you on Saturday after consulting him, and by that time something may be settled with regard to the graduates.

I am sure you will understand that your former telegram was not neglected, but we have waited from hour to hour to hear from the graduates, and as yet the Organizing Secretary of the War Memorial Campaign has nothing definite to report.

Yours sincerely,

Dear Sir Robert:

May I inquire whether or not there will be a position in your Friend or German Depts. which I could fill next fall?

For the past 2½ years I have held a position in our government Secret Service which I am now leaving.

Some time ago, I changed my name to Frederick Edwardo which is now my legal name. I did

so at the behest of government officials. To give I am known as Prof. Rathbone, late of Woodstock College. I may be in Toronto shortly and we could talk matters over. Unless I can find a suitable position in Canada I should have to leave Canada, something that is not cherished by my numerous Canadian friends who are pointing to my record of usefulness during the war.

Kindly advise me.

My dear Sir Robert:

His Royal Highness, the Prince of Wales, has consented to present Medals and Decorations at 3 P.M., on the 4th November, 1919.

It was expected that this event could take place in the Assembly Room at the Parliament Buildings, but owing to the number receiving Decorations, it has been found to be too small.

Might I, therefore, request that we be permitted to use Convocation Hall. Convocation Hall would accommodate the number expected more comfortably, and would lend itself to keeping the event strictly private, as is requested by His Royal Highness.

Would you, therefore, please advise me if we may be permitted to use the Hall, on that occasion.

Thanking you in anticipation, I am,

My dear Sir:

I have just received your letter concerning Mr. Shaw, and I am much obliged to you for sending it to me. I do not think, however, that there is any opening in the University of Toronto which could at present be offered to him. We have no chair of ecclesiastical history, and it would be difficult to appoint one to a position in history to deal only with the ecclesiastical side of it. I will, however, keep this letter and if I hear of any opening I shall be glad to let you know.

Dear Professor Fitzgerald:

I have just had a letter from Dr. Geddes Grant of Trinidad in reply to my inquiry with regard to the possibility of securing monkies. He tells me that monkies should be attainable either in Trinidad or St. Kitt's. As the latter place is seven days nearer Canada he has written with a view to securing from six to a dozen. Failing St. Kitt's he will fall back on Trinidad, but he says there would be no use sending them before June as monkies do not take kindly to cold weather.

Yours sincerely,

Dear Mrs. Fleming:

Mr. Patton, the Secretary of the Y.M.C.A., has just reported to me that he has made every endeavour to see whether or not a meeting could be secured for Dr. Theresa Carter, but, as I expected, he finds that the various institutions have now arranged for their final meetings, and it is very doubtful indeed whether it would be safe to count on getting a decent meeting at all for an extra purpose. If Dr. Carter has come a month ago he could have arranged something. He suggests, however, that the Best that Y.M.C.A. offers a good opportunity for such an address as Dr. Cater might be able to make. After the middle of March the University affairs settle down into a very different character from the earlier part of the session.

Dear Colonel Forbes:

Colonel W. R. Lang, the Director of the Department of Military Studies in the University , has informed me that you have been kind enough to deliver lectures in special subjects in the Department of Military Studies to classes within the University of Toronto. Will you allow me to express to you the thanks of the University for the trouble you have taken in this matter and the interest you have displayed thereby in the University ?

With kind regards, I am,

Yours sincerely,

President.

Clinton J. Ford, Esq.,
Calgary.

Dear Mr. Ford:

I shall be very happy indeed to meet the graduates of the University of Toronto when I am in Calgary. Perhaps we can make arrangements after I arrive there.

I am likely to be in Edmonton from Saturday night, April 3rd, till Tuesday night, April 6th. I shall be in Calgary the 7th and 8th and shall probably leave Calgary by the night train on the 8th via Edmonton and Saskatoon for Toronto.

Yours sincerely,

President.

Colonel Wallace A. Scott, C.M.G.
C. A. M. C.

Sir,

I desire to inform you that the marginally noted Officer has been unavoidably detained in this country. Owing to the delay in returning our patients to Canada it became necessary to keep Colonel Scott's Hospital open some weeks longer than was first anticipated and I was obliged to retainthe Officer Commanding to carry on the work.

Colonel Scott has been an outstanding Officer in the Canadian Army Medical Corps and I should like to have released him before, but his services were indispensable.

He will be returning to Canada about the first week in October.

Yours faithfully,

G.L. Foster Major-General,
Director General Medical Services,

Miss Helen Fotheringham,
20 Wellesley Street,
Toronto.

Dear Miss Fotheringham:-

I do not know whether or not you were intending to apply for the position of organist in connection with the University Services, but in case you had this in mind I wish to take this first opportunity of letting you know that the Colleges Service Committee at its meeting has made arrangements that a returned soldier who has seen a great deal of service overseas and has received a Military Cross shall act as Organist during the coming winter. He has had a good deal of practical experience heretofore. I am sure you will recognise that this is quite appropriate. At the same time will you let me thank you for the services you have given during the past two years.

Yours sincerely,

President.

To The President
University of Toronto Alumni Association

Dear Sir,

I am in receipt of your communication of April 8, 1919 on the subject of re-establishment. I regret delay in answering but your letter was not forwarded.

Many thanks for your interest. I shall keep the letter in mind and let you know of any cases in which you can help.

Yours truly,

W.R.B. Allan

The President's Secretary,
University of Toronto.

Dear Miss Patterson,

I am returning the enclosed letter from Miss Dame. We have decided that she would not be useful to us and I understand that you have already written her that there is no vacancy.

Yours sincerely,

J. B. Allan

2442 Guilford Ave., Baltimore, Md.,
April 28, 1920.

President of University of Toronto,
Toronto, Ontario.

Dear Sir:

I am writing to ask you to consider my name with reference to any position in the faculty of the University of Toronto, which may become vacant and for which I may be eligible.

I am a graduate of Robinson Seminary, Exeter, N.H., and received my degree of A.B. with honors in chemistry from Radcliffe College in 1918.

Throughout my college course I specialized in chemistry and related subjects. My work in mathematics was especially commended and I was invariably at the head of the class. Courses which I pursued in this subject included advanced algebra, solid geometry, trigonometry, analytic geometry, differential and integral calculus and a course in analytic geometry according to modern methods. My curriculums included courses in all branches of chemistry. I enjoyed the instruction of some of the best known professors of Harvard University. I studied analytical chemistry under Professors Torrey and Baxter and physiological chemistry under Dr. Henderson of the Harvard Medical School. A course in the historical development of

the chemical theory which I pursued, not only reviewed the progress of the science from the time of the Greek philosophers but also discussed the most important modern theories.

I have pursued graduate courses at Columbia University and expect to study there this summer. These courses were selected from all branches of chemistry. I will mention a course in food analysis under Professor Sherman, one in physical chemistry under Professor Morgan, and one in organic chemistry under Professor Nelson.

I have had ten years of experience in teaching. For four years I was head of the chemistry department in the State Normal School at Indiana, Pennsylvania. There we offered courses in chemistry equivalent to two years of college work. For the past two years I have been instructor in chemistry at Goucher College which was accounted one of the five best woman's colleges of this country by the U. S. Commissioner of Education.

I enclose recommendations and if you are interested will ask those who know of my work at Columbia to write to you.

Yours respectfully,

Mabelle A. Dame.

Goucher College, Baltimore, Md.,
March 24, 1920.

To Whom It May Concern:

Miss Mabelle C. Dame has been associated with me for two years, teaching organic chemistry and assisting in the freshman course in general chemistry. Her work has been characterised by a thoughness that is the result of high scholarship and unceasing effort. Her loyality and devotion to her work are really remarkable. She has a pleasing personality. Her work should be successful and I feel no hesitency in recommending her.

Howard H. Lloyd,
Professor of Chemistry.

National Park Seminary, Forest Glen, Md.,
February 25, 1918.

Miss Mabelle C. Dame was for several years a member of my faculty, teaching chemistry, in the State Normal School at Indiana, Pennsylvania.

There is nothing that I could say that would not be in Miss Dame's favor. She is a teacher of considerable experience, and is a graduate of Radcliffe College. She is strong and gets the things done that she aims to do. Of course her character is above reproach.

James E. Ament.

5 Avon St., Cambridge, Mass.,
August 17, 1902.

This certifies that Miss Dame took two courses in Calculus, elementary and advanced, under me at Radcliffe College. She proved herself to be an earnest and effective worker and an independent thinker. I regard her as fully able to undertake the teaching of ordinary college Freshman mathematics, Analytic Geometry, and elementary Calculus. This, of course, concerns her equipment, for I know nothing of her ability as a teacher.

Chas. L. Bouton,
Assistant Prof. of Math.,
Harvard University.

Chelmsford, Mass.,
April 13, 1900.

This is to certify that Miss Dame has been employed as teacher under my supervision. Also that her faithful service, pains-taking application, studious habits, willing and cheerful compliance with requests, honesty, uprightness, and lady-like qualities, neatness and general refinemant, all exemplify the high value of her earnest acquisition of the right things of life, augmented by the refinement of a cultured Christian home and the broadening influence of a college education. The personality of such a teacher must mould character according to the true pattern. I appreciate Miss Dame's good efforts and praiseworthy accomplishments.

Arthur P. Briggs,
Supt. of Schools.

Classical and High School,
Salem, Mass.,

This is to certify that Miss M. C. Dame has taught mathematics in this school the past year. She has had classes in first year work in algebra and geometry, and classes in more advanced work, leading to college or technical school examinations. She has proved herself a very faithful and pains-taking teacher. She has shown by her work that she has been well grounded in mathematical subjects.

C. C. Dodge,
Principal.

Salem High School,
April 13, 1914.

This is to certify that as head of the mathematical department I have observed the work of Miss Mabelle C. Dame for a period of two years. She has been faithful and conscientious in her work, even tempered, and ever willing to give outside help to those who were backward but willing to work. She handles her subject in a very able manner.

George W. Towne.
Head of Department.

Miss Mabelle C. Dane,
2442 Guilford Avenue,
Baltimore, Md.

Dear Miss Dane:

I am directed by the President to acknowledge the receipt of your letter of application for a position in Chemistry. At present there is no vacancy for which you might apply, but your letter is being forwarded to the Head of the Department in case such a vacancy should occur.

Yours sincerely,

President's Secretary.

Sir Robert Falconer K.C.M.G

My Dear Sir

May I ask the favor of your advice & a little information? My elder son Capt Norman Daniel is doubtless known to you as a graduate of the U.T.S. in 1915. My younger son Lieut. W. Campbell Daniel matriculated before going overseas two years ago. He is still detained in England with a number of R.A.F. officers who are waiting for their transportation. In a letter received from him this evening he asked me to make enquiry for him concerning a course - Commerce

and Finance, and also to ask if
his enforced delay is likely to affect
the question of his registration.
He hopes to be able to begin his work
as soon as possible after returning.
Any information or advice that
you can give me on these matters
will be esteemed a favour

Yours Sincerely
Edwin Daniel

My dear Mr. Darling:

We have made no arrangements yet for the Convocation for Cardinal Mercier. I will, however, keep your letter. There is of course this difficulty that being a University function while students are here a great portion of the Hall must be kept for students, but I will do the best I can.

With kind regards, I am,
Yours sincerely,

THE KIWANIS CLUB OF CALGARY

CALGARY, CANADA

REGULAR LUNCHEON
THURSDAY
12.29 NOON

229 EIGHTH AVENUE WEST
CALGARY, ALBERTA,
CANADA

February 24th, 1920.

Sir Robert Falconer,
Toronto University,
Toronto, Ontario.

My dear Sir Robert;-

When I had the pleasure of meeting you in Toronto at the Annual Meeting of the Canada Life, you intimated that you were contemplating coming West this summer, and I understand that you are contemplating to visit Calgary at the time of the Teachers' Convention, which would be held here some time this Spring.

The Executive of the Kiwanis Club have asked me to communicate with you and extend to you an invitation to be our guest at one of our luncheons, which are held every Thursday at the Palliser Hotel.

I might say our membership consists of the business and professional men of the city, and if you would care to say a few words to us on any subject you may choose and would like us to arrange a joint meeting of the Kiwanis, Rotary and Canadian Clubs, would be very glad to do it for you.

We should certainly appreciate it if you would allow us to make the arrangements as above outlined.

You will no doubt also hear by concurrent mail from the Chairman of our Programme Committee, Dr. A. O. Macrae, of this city.

Hoping you will favorably consider this proposition, I am,

Yours very sincerely,

Rob Parker

D/S.

PRESIDENT.

December 1st, 1919

Professor R. Davidson,

Knox College, Toronto.

Dear Professor Davidson:

I am very sorry that I shall not be able to be present at the meeting of the Biblical Club to-night. I should have been very glad to join you but the Governors are entertaining to-night the members of the new Provincial Cabinet. I hope, however, to be able to be present at some future meeting during the session.

Yours sincerely,

President.

Dear Sir Mortimer Davis:

Mr. Brennan has just handed me your cheque for two thousand dollars as the contribution of the Imperial Tobacco Company of Canada to the War Memorial Fund of the University of Toronto. Allow me to express to you our very sincere and profound gratitude for this handsome subscription ?

Yours very sincerely,

President.
